

Composite Door Collection

3

< 3 Panel 2 Square, Chartwell Green + Flair Glass

Don't compromise, go composite

We don't believe in compromising on quality.

We've brought together materials to give you the very best in strength, easy maintenance, security, and weather resistance.

Oh – and great looks as well.

Behind that rather scientific-sounding name, you'll find the latest technology and design in doors. When you're indoors you'll enjoy loads of style, strength and security.

Colour Options

The doors in our collection are available in a diverse range of colours (both sides) to suit the character of your home.

Door Colours

White

Mahogany

Cherrywood

Oak

Darkwood

Poppy Red
(High Gloss)

Cream

Black Brown

Chartwell Green

Duck Egg Blue

Red

Green

Grey

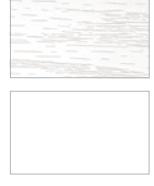

Black

Frame Colours

White

Our doors are now available with the in-demand black brown foiled outer frame.

Our colour-coded range of weather bars and thresholds are fitted to blend seamlessly with your new door.

Black Brown Doors

Glazing

The range of glass options add character to your door and light to your home, whilst still offering you complete privacy.

Satin Glass

Added to our 'patterned glass' range, satin glass makes a perfect option for modern properties.

Solid Grids

Our two-panel one-grid door designs feature a solid internal grid. This means that when your eye glances across the glazed panel, you don't see the inside of a glazing cassette – you see the effect that you would get if the door had nine separate pieces of glass.

Our replaceable cassette system means that in the event of breakage, or if your glass unit breaks down and becomes misty, you can simply and easily change the glass without replacing the door.

available in a high position.

Locks & Security

We know a secure door is important to our customers, and that's why our range of locks, cylinders and handles adhere to the highest accreditation standards. The combination of these locks and a reliable strong structural frame make our doors unrivaled in terms of the peace of mind they offer.

**Yale TS007 3 Star Handle/
Cylinder Combination Option**

Yale's superior cylinder and platinum handle combination is accredited with the coveted TS007 3* BSI Kitemark – the most secure available for composite doors and locks. Subjected to extensive tests, it can resist anything the most determined burglar can throw at it.

Ulliton Sold Secure Diamond Option

The Ulliton cylinder has passed all major British standards test for security without the need for cylinder protectors or extra secure door handles. These tests include the highest TS007 standard (3 star) and the extended Sold Secure Diamond test, which is more rigorous and designed by the Master Locksmith Association.

The Yale Conexis Smart Door Lock puts you fully in control giving you the freedom to secure your home without the need for a key. Configure, control and unlock your smart door lock from your smartphone via our secure Bluetooth app.

64

GU Slam Lock

All solid core doors fitted with contemporary hardware include the GU Slam Lock, featuring bolts that engage the moment the door is closed.

Secure Guarantee (on Ulliton Locks)

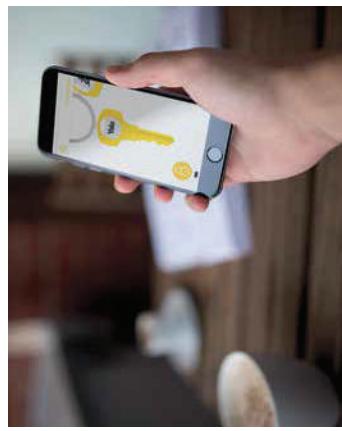

In the unlikely event that you're burgled and the intruder gains entry by snapping the Ulliton cylinder, you'll get a £1000 compensation and the door repaired or replaced. Activate your guarantee together for free at www.door-stop-doors.co.uk.

65

Yale Conexis

If anyone knows about security, it's the Police. Our Secured by Design option meets their national standard for safer homes. It's not only Police-approved; it's recognised by many insurance companies. So as well as enjoying an added sense of safety, you could get a discount on your home insurance cover, too.

Eco Friendly

All of Door-Stop's doors exceed the current Building Regulations for energy efficiency.

Bespoke Energy Rated Doors

Every Door-Stop door is issued with a bespoke energy rating certificate – based on expert data from the Build Research Establishment and accredited by the British Fenestration Ratings Council (BFRRC).

Green doors – now available in every colour

We have always used a calcium zinc-based compound in the extrusion of the door frame, because it's much kinder to the planet than lead-based additives.

Reducing our carbon footprint

Door-Stop doors are made right here in the UK, with carefully planned delivery routes to cut down the amount of fuel we use.

Information provided by HARM and BRE

66

Quality

The combination of a reliably strong structural frame and the very highest quality locking systems, make our doors simply unrivalled in terms of the security, and peace of mind they offer.

Weather Tested

The average rainfall in the UK is between 700mm a year in East Anglia and 1,000mm a year in the Scottish Highlands.* We've designed our doors for maximum resilience against the extremes of the British climate.

Edged Detail

Every sightline of your door is considered. On the hinge edge of all doors, we apply a grained trim and then countersink the hinges for a perfect, flush finish. All Genuine door-Stop doors carry an official stamp on the hinge edge near the bottom of the door.

GRP – The Longest Product Lifespan

Door Type	Expected Life	Maintenance
Softwood Door	25 Years	Paint, 5 Years
Hardwood Door	35 Years	Paint, 5 Years
Steel Composite Door	30 Years	Wipe Clean
